I describe myself as a warm, passionate person that enjoys the company of others and having a good time. I feel fortunate to have a meaningful and fulfilling job that allows me to give to others and be involved in many Chessed opportunities. When not working, I enjoy reading, relaxing or exploring the outdoors- hikes, boating, or ice skating. I am looking for a responsible, caring individual who is dedicated to a lifestyle of Torah and Mitzvos while providing for his family.
